From Central Station you can take tram no. 4, 9, 16, 24 or 25 and get off at 'Munt Plein' (=3<sup>rd</sup> stop) (tickets can be bought in the tram). #### DIRECTIONS TO SCIENCE PARK

To get to the Institute, take a train from Amsterdam Central Station, direction Almere Oostvaarders/ Zwolle/ Amersfoort Vathorst and get off at the Science Park, which is the second stop. The train departs four times per hour at approx. 10, 22, 40 and 52 minutes past the hour and usually leaves from platform 11a/11b (please check timetables at station before boarding). The following website may also be of use when checking train/ tram/ bus times within the city: [www.9292.nl](http://www.9292.nl).

You can recognize the faculty building by the two domes on top (one has the number 904 on it). The building is also (currently) the largest building in the Science Park. Walk under the building between the pillars into the central area to find the main entrance. Please register your arrival at the desk in the main hall.
